FINE COPY, from Chillingham Castle, Northumberland. The condition of the volume indicates that it has been carefully preserved there for over 300 years, in direct contrast to most copies of the book.

Owing to the fact that early mariners found it a source of knowledge for navigation and geography, almost all copies are in poor condition from frequent use.

With interesting contemporary note: "John Wolf, the Printer of these Voiages in English was only at the Expençe of New Graving the Maps, which are copy'd from the Dutch, and this as well as others that appear with the folding Sheet Cuts of the Indians (which is in number about 30), are taken from the Original Dutch Edition."
